

Quintessentially Estates wins silver in coveted Stevie® Awards

24th August 2018 Editor, Estate Agent News City Property, Estate Agent News 0

Quintessentially Estates is delighted to announce that it is a silver award winner in The Stevie® 2018 International Business Awards category for 'Company of the Year – Real Estate – Small'.

The Stevie® Awards are the world's premier business awards. They were created in 2002 to honour and generate public recognition of the achievements and positive contributions of organisations and working professionals worldwide. The Stevie has become one of the world's most coveted prizes.

The judges praised Belgravia-based Quintessentially Estates for their approach to customer service, supporting clients who have the resources to move but not the time. They also praised the team's strategic and bold approach to expansion globally in this niche real estate sector, despite "a cutthroat market, their speed of expansion and growth is very impressive."

Penny Mosgrove, CEO of [Quintessentially Estates](#) comments:

"We are delighted to receive this award, and it is testament to our hard work for and on behalf of our clients globally. The luxury real estate market is under a lot of pressure at the moment, owing to political and economic changes, yet despite this we are continuing to expand into new markets and countries. Our business runs predominantly on referrals and with more clients on the books than ever we are going from strength to strength."

The awards gala takes place in London on Saturday 20th October.
